

Installing Instructions

MODEL:5100129
5100130

E27 1 x MAX 60W

ATTENTION:

1. In order to avoid getting hurt or scratching the finish while installing, please wear gloves.
2. Don't leave the lamps close to acidic and alkaline chemicals or gases which are corrosive. Don't wash the lamp by water. Please clean the lamp by a piece of clean, dry any soft cloth. Otherwise the lamp will get rusty.
3. Please take care while installing the lampshades in case of avoiding breakage.
4. Please install the lamp under the instructions of professional electricians.
5. While installing, the power leads must be matched well and tightly. Make sure all the screws are tight enough before turning on the power. Otherwise it will cause the electrical components burning because of the short circuit of the terminals.
6. Please switch off the power first before installing, cleaning the lamps or changing the bulbs.
7. Do not drag the wires and plugs overexertion. Disassembled at will is not allowed.
8. If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
9. When assembling the lamp, make sure not to twist the cord
